## PROFILE

I am a very analytical person when faced with a problem will logically plan in order to reach an amicable solution.] generally work using my own initiative whilst taking into account the builds and teachings of others. Diligent and work effectively as part of a team. Much of my employment history has involved working in a team environment working in order to achieve set goals and forgets. In addition my role has been established through both academic and sporting activities. Do possess excellent oral and written communication skills across all devices. And I am computer literate being familiar with all the micrisoft package, fi lemakerpro, the internet and carisworks for the applemac. I am a highly committed and confident person with a genuine desire for everything to succeed, I am honest and trustworthy with a personable and friendly attitude that gets on very easily with others. enjoy all sports particularly football where I represented my school and county in the past. I also enjoy a good social life and read a lot as a means of relaxing.
